Dear Lori,

I wanted to thank you for your ministry with If Not for Grace. We were truly blessed when you and members of the ministry came to minister to our church for Sanctity of Human Life Sunday. Your group was authentic and vulnerable in sharing what they had gone through due to abortion. They also did an excellent job sharing how God had restored them from a dark place of sin in their lives.

I also appreciated having you partner with me in Sunday school. Your presentation on how Satan works in the lives of those in a crisis pregnancy was invaluable.

I think that everything was pretty powerful. I know of two women working through issues who were blessed. One person was a grandmother who helped her granddaughter get an abortion years ago and the other was a woman who had an abortion. Both felt that the topic was handled with sensitivity and grace. Neither felt condemned, though your presentation clearly helped us see that abortion is wrong and should never be pursued.

I pray that you will be blessed by the Lord for the blessing you are to the rest of the body of Christ.

Sincerely, your fellow servant warrior,

Pastor Christopher Barnes
